I tried a few times and eventually it will be the right way to follow business and functions. I'm a little school. . I like the phone on my desk and answerA normal. So maybe his old dog new makeup what.I will continue to try and I hope it will be soon. I appreciate the high level of customer service and the reactivity of the team in general. We decided to go from the terrestrial lines to VoIP and we are very happy to have chosen to collaborate with vonage for the transition. They were very patient and available along the way. The flexibility of this software is my favorite feature. For the more job from home, and I can easily make changes for any of our users from the online dashboard, the computer app, or the phone app. The end users of our office have successfully learned how to navigate online telephones and dashboard. We are still working on our fax numbers. Bringing the number from our previous supplier has shown difficult. He also looked at Pantera. We chose Vonage because of the initial connection with [Sensitive Content Hidden]. It was information, reactive, informed, empathic. Most of the services seemed to be similar with similar prices. We chose Vonage because of [Sensitive Content Hidden]. I hope you tell him. AT & T Cost, Flexibility, Customer Service.1. Easy to understand and work with. 2. Effective plans cost. 3. Features such as simplex called to three ways, answering machine and sending calls are very elite and useful 4. Its Voice (Voice Over Internet Protocol) feature has given Vonage more Arena to flourish and help its customers. 5. It is available on the web and also on the phone, from which it has extended accessibility 6. The extensions available in vonage help to take the call and call anyone, everywhere. 7. The calls, if missed, can be seen as the Vonage team sends an e-mail regarding calls and secretariat, so there is no delay 8. The text message function helps me connect with If they are called or are in the bad network area. Sometimes, there is a problem for the fall of calls.
